Mid-Year Church Conference

Thank you Mrs. Shari Lemonius! You have spoken and we are listening!!!

As Mrs. Lemonius reminded us; clear communication is essential in building the community we believe God wants for us.

The Mid-Year Church Conference was relatively smooth and very informative.

Typically, the mid-year conference is focused on CNC's financial health. We are doing OK.

Thanks and gratitude go to the entire congregation. CNC is a generous congregation.

A special thanks goes to our beloved Mr. Henton Ellis. We see your sacrifice and dedication. Thank you!

Major changes have come to CNC Bible Class!!! Get ready!!! We have moved to one Bible Class.

Saturdays are being freed up to do other activities such as youth outings, visitation, trainings, evangelism, outreach efforts and more!

Please prioritize learning about your faith. We have a wonderful faith!!! Christianity is bigger than any of us know!

Who Was/Is Jesus?

This is the question, "Who is Jesus?" The answer depends on who you ask. A White Conservative Christian might interpret Jesus as being defender of White Supremacy and a champion of the political, economic and cultural status quo.

Who is Jesus? Jesus is a Jewish peasant who lived in the first century. Jesus was a Black man. Jesus was a preacher of something he called the "Kingdom of God". He was murdered by the government for his views. He was buried and he was raised from the dead. Today, Jesus is alive through the Holy Spirit and calls us to follow him!
